FINANCIAL AND COMMERCIAL.

TUESDAY, May 25-6 P. M. The markets in Wall street to-day were unusually juli, a spring languor seeming to creep over matters and things in that generally busy locality. "Orders" are "few and far between" with the brokers, but ficient to make quotations quite active and give cks the semblance of great buoyancy. There was attnued and somewhat excited discussion of the locace of Secretary Boutwell in not declaring his in the question of buying bonds or three per o effect the sale of an extra million of gold. who are short of gold and governments seem harmonious in endeavoring to trighten holders selling by enlarging upon the probabilof Mr. Boutwell's buying the certifinate of bonds. The fact is, no one what his intentions are. The weaker feel ld is the secret of the weakness in governments, "bears" in the latter are naturally very est in spreading any reports which redound to repoculative benefit. The range of governments pedry speculative benefit. The range of governments pedry was a repetition in many points of the fluctations of yesterday. The London quotation, 79, reated a steady, if not a better feeling at the noon oard, but the softening of the gold market, the duless of exchange, which prevents the foreign houses om increasing their purchases, and the three per out rumors operated for lower prices, and the martet closed at five o'clock this evening with the following quotalipus: United States sixes 1881, regis-

The money market was without any particularly tovel feature until late in the day, when more ac-livity ensued and, loans were more general at the full gal rate as a consequence of the durry produced y the announcement of the defalcation of the late resident of the Brooklyn Atlantic National Bank.

It was also reported that the bank had been combelied to suspend, but on examination the deficit
was found to be limited to \$250,000, for a portion of alch the deceased president left certain deeds of al estate. Commercial paper was less active at les ranging from seven to nine per cent. Foreign exchange shows further concessions on

d. A few days since large amounts might be purw, a demand for a large sum would probably be garded with suspicion and induce the drawer to t up his rates. The weakness which is characterstic of the immediate present of the market is due o the pressure to sell bond bills on the part of forto the pressure to sell bond bills on the part of for-bign bankers who bought governments freely on the recent advance in London. The folldwing was the range of rates:—Sterling, sixty days' commercial, 1084 a 10834; good to prime bankers', 109 a 1094; short sight, 1094 a 1104; Paris, sixty days, 1086 a 5.164; short sight, 5.164 a 5.1334; Ant-worp, 5.25 a 5.164; Switzerland, 5.25 a 5.164; Bamburg, 354 a 3574; Amsterdam, 394 a 4044; Press, 754 a 7544; Press, 774 a 7544. ankfort, 30% a 40%; Bromen, 77% a 78%; Prus-

Gold was comparatively quiet, with the general tope of the market weak, under the reaction from the excitement which carried the price up to the verge of 145, the declining tendency being assisted to-day by the reports that Mr. Boutwell would buy three per cents instead of an additional million of ernment bonds. The highest price was 141% and lowest 140%. From this latter figure there was tion to 140%, due in a measure to appre-Atlantic Bank of Brooklyn. The stock market opened with great buoyancy except for the Vanderbilt shares, which are comparatively neglected now that the legislation affecting them has culminated. Speculation was largely directed to Lake Shore and Michigan Southern, which respectively touched 100½ and 110½. The temper of the street is strongly "bull-lah," and the speculative feeling continues to make the tone of the railway list. make the tone of the railway dwelling upon each until it has effected a rise of one or more per cent., and then passing on again. St. Paul was visited in this way to-day, and carried up from 76% to 78. Pacific Mail fluctuated between the heir highest when the news of the bank defalcation in Brooklyn reached the street. A prominent operatog who was early in obtaining the news was a very free seller of the railways, and some timid and small dealers were frightened into letting go of their stocks. In this excitement Reading fell to 99M, North. western common to 01%, New York Central to 192%, and Pacific Mail to 83%. From this point there 192%, and Pacific Mail to 83%. From this point there was a reaction, the street market closing without excitement, prices being firm but lower than the rest of the day. SUICIDE MANIA IN MASSACHUSETTS.

BARRE, Mass., May 29, 1869.

This morning Charles C. Williams, a well-to-do farmer, about fifty years of age, committed sucide by hanging himself in his cider mill. A daughter gave birth to an illegitimate child some days ago, and this is assigned as the cause. Less than a fortinght ago another farmer in good circumstances, named Israel Fisher, hung himself in the same neighborhood. The father of #39, Williams committed suicide several gears age.

REAL ESTATE MATTERS.

The sales yesterday in this city, although few in number and very light, are exceedingly interesting in one important particular, as exhibiting in the amount obtained for a small invoice of Boulevard lots what has been frequently insisted upon here, viz., the undiminished firmness in the market of first class property. Whether the prices so obtained are a fair valuation of the lots disposed of, or excessive, it would be a difficult matter to determine, but certain it is the purchasers were fully conscious of what they were doing and paid them knowingly it would be a difficult matter to determine, but certain it is the purchasers were fully conscious of what they were doing and paid them knowingly and understandingly, with full opportunities for examining all the surroundings, present and prospective, positive and speculative, of the property, and in open competition with others. Under these circumstances a comparison of these prices tand those of last spring will be interesting. Take the first block sold, comprising two lots on the south side of 126th street, and two lots on the north side of 126th street, in rear of the above, each 25 feet front by \$\psi\$ feet 11 inches in depth, 400 feet east of Eighth avenue, which brought \$14,000 for those on 125th street, being the most valuable side of the street, and \$3,000 each for the others. A similarly shaped plot of the same dimension, adjoining the above, brought \$16,400. Last spring a block similar to either of the above on the opposite side of 126th street, extending through to 127th street, sold for \$2,500 per lot. In further illustration of this same idea of the continued appreciation of this same idea of the continued appreciation of this same idea for the continued appreciation in 57th and 158th streets, 175 feet west of Eleventh avenue, for \$25,500, an advance of \$2,500 upon the price for which the same lots were sold by the same gentleman last November. The last case is more indicative of firmness in this description of property as, deducting the interest upon the money invested in the first purchase and the necessary expenses, the price in each case is about the same, but in the case of the anotion sale the appreciation is marked and decided. The other auction sales in the city were of the continued appreciation is marked and decided. The other auction sales in the city were of

BROOKLYN INTELLIGENCE.

THE FIRE COMMISSIONERS .- The Board of Fire Commissioners met in conjunction with the Comptroller on Monday afternoon as a Board of Estitroller on Monday afternoon as a Board of Estimate. The following are the estimates of expenses of the new paid fire department system for the year 1870:—Salaries, \$191,000; ropairs, \$10,000; hose, \$10,000; new apparatus, \$15,000; feed, straw, &c., \$15,000; new apparatus, \$15,000; feed, straw, &c., \$15,000; coal, \$4,000; general supplies and contingencies, \$5,000. Total, \$250,000. The Commissioners, on the same day, made a tour of inspection of the Western district. They found the houses in many instances in a most dilapidated condition, and many of them being unfit for use under the present system, and will be probably condemned. The apparatus were, however, found in pretty fair working order. Repairs were found to be needed in the houses of Hose Companies Nos. I, and 9, and Engine Companies Nos. I and 16. The old house of Engine Company No. 5, on Canton street, was found to be in "full blast," being occupied as a tavern, for which the keeper pays no revenue to the city treasury. The brown stone front building on Hicks street, near Degraw, formerly occupied by Engine No. 2 (Neptune), is occupied by a private family, who pay no rent to the city therefor.

RESULT OF A PERSONAL DIFFICULTY IN GRONGIA.—A difficulty occurred in Newban, Ga., on Sunday last, between Hinton Wright, the son of Mr. W. F. Wright, and Ed. Robinson, which resulted in the death of Robinson by a pistol shot from Wright. Wright is reported to have been taken into custody by the city marshal, but subsequently made his escape. The difficulty is said to have originated from a decision of Wright, acting as umpire, as to the result of a game of base ball played a few days previous. The young men are reported to be each about twenty years of age.—Onumbus Sun, May 21.

SUBURBAN INTELLIGENCE.

NEW JERSEY.

Jersey City.

THE SMALLPOX. —No new cases of smallpox were reported yesterday, but vaccination and disinfection are rapidly progressing. Humphrey Carroll, who resided at No. 243 Prospect street, and was the first patient under the disease this season, remains at the City Hospital, in a ward isolated from the other apartments. Not only have the premises occupied by him been thoroughly disinfected, but the residents of that quarter of the Seventh ward are using quicklime in whitewashing their houses, and purifying the surroundings by choride of lime. One other case exists in the city.

THE BOULEVARD COMMISSIONERS assembled at the Court House yesterday, whence they grove in carriages over the proposed route.

POUND DROWNED.—The body of a man about sixty years of age was washed ashore at Salterville on Monday. He was dressed in black cloth coat, dark vest, dark mixed pants; had iron gray hair and whiskers and was about five feet seven inches in height. There was a deep cut over the right eye and the body had apparently been in the water about four days. Justice Miller held an inquest.

Bergen City. SALARIES OF POLICE AND CITY OFFICERS .- The salary ordinance read at the Common Council meet-ing on Monday night contains the following:—Chief ing on Monday night contains the following:—Chief of Police, \$1,300; Aid to Chief, \$1,100; patrolmen, \$1,000; School Superintendent, \$500; City Clerk, \$1,400; Collector of Revenue, \$1,400; Comptroller, \$1,400; Corporation Attorney, \$1,200; Overseer of the Poor, \$200; Street Commissioner, \$500; corporation papers for publishing minutes, \$750 each; Clerk to Board of Education, \$150; City Physician, \$100; Sergeant-at-Arms, \$600; corporation papers for publishing minutes, \$750 each; Clerk to Board of Education, \$150; City Physician, \$100; Sergeant-at-Arms, \$600; \$550; Fourth ward, \$450. Newark.

COMMITTED.—Yesterday afternoon, in the Police Court, before Justices Mills and Stapff, a woman named Catharine Bennett was examined on a charge of robbing a German woman named Mrs. Scheustus of \$100 in Centre Market on last Saturday night. The evidence adduced was deemed sufficient to warrant the magistrates in committing the accused to await the action of the Grand Jury.

BORDERING ON THE ROMANTIC.—Late on Monday night a youth of rather respectable appearance, named Theodore M. Coyle, of No. 57 Jefferson street, was arrested in a lager beer garden while endeavoring to dispose of a handsome and valuable gold watch at a price considerably below par. Several hours later (about five o'clock in the morning), a young girl named Margaret Jane McAusland, appeared at the station house and stated that a young man who had been "waiting" on her, and to whom she was engaged to be married, had made away with her mother's gold watch. Coyle proved to be the man. On being produced in the police court she burst into tears and declined to make any charge against her lover, who declared then and there that if he was let go he would straightway call on a clergyman and adjust matters by getting married. This suited all parties, and the two left court with the intention of being merged into one. was arrested in a lager beer garden while endeavor

Harrison.

A Vernior at Last.—In the case of the boy Henry Hastings, whose somewhat singular death some weeks ago occasioned such a sur in this town, the Coroner's jury have at length rendered a verdict, showing that the boy died from the effects of poison; but how applied, whether by his own hand or otherwise, the jurors were unable to determine. The wonder is, despite the fact that the case was as plann and simple as it well could be, that some result has been arrived at so soon. Coroners and jurymen hereabouts are famous for stretching out inquests.

Paterson.

Boating.—The organization of the Dundee Boat Club has created a little rivalry. A meeting was names were enrolled for another club, and a very favorable termination of the project is hoped for. In addition to this the "H. M. A." Association, whose foot races last year were so interesting, propose that their contests this year be held on the water. The completion of the horse railroad to Dundee Lake afforded the first opportunity the Patersonians ever had for aquatic sports.

IMPORTANT LOCAL QUESTION.—The all-absorbing political and public question of the proposed purpolitical and public question of the proposed purchase of the Water Works by the city is now the topic of discussion in Paterson. A meeting of the Board of Aldermen was held Monday evening to consider the question of appointing Colonel Philip Rafferty, William G. Watson and George Christie as commissioners, but owing to the presence and persistent arguments of counsel employed by the opponents of the project the matter went over, through the adoption of a substitute motion to appoint a special committee to employ engineers to examine the works and report. The works are at prosent owned by a company, of whom Mr. John Ryle, the Mayor, is president and principal stockholder, and in whose election the purchase of the works was a main issue of the campaign. The feeling of the public may be understood from the fact that Mayor Ryle was elected by a majority of over 500. The appointment of the commissioners would doubtless have resulted in the speedy purchase of the Water Works by the city, but, as it is, the disposition of the matter is almost paramount to an indefinite postponement.

Burlington.

Convention of the Diocese of New Jersey met here yesterday, at St. Mary's church. The sermon was preached by the Rev. Dr. Abercrombie. The Convention organized for business at twelve o'clock, by the election of the Rev. W. G. Farrington as Secretary, Bishop Odenheimer being in the chair. The attendance of clergy and laity is large.

Trenton.

THE DECRASED SOLDIERS .- On next Sanday evening the pastor of the Central Methodist Episcopal church, on Broad street—Rev. Mr. Thorne—will deliver a panegyric on the deceased Union soldiers, to which the representatives of the Grand Army of the Republic in this city have been invited.

Engle pleaded non cull to an indictment for committing an assault and battery on a man named mitting an assault and battery on a man named Henry Spencer. John Saum entered the same plea to a similar charge. Phineas Sheppard and Catharine Downs were convicted of assault and battery on a woman named Rachel Churchward. Three young lads, named Barney McGinty, William Plunket and Alexander McGrady, were acquitted on a charge of having fired an unoccupied building in Woodruff street. It was proved that the accused merely lighted a fire in a bathtub for the purpose of warming themselves and thought they had completely extinguished the when leaving. Joseph Betchell, a former school teacher and a member of the Second Presbyterian church, was placed on trial charged with having committed a common as well as indecent assault on the person of one of his pupils, a charming little girl about ten years old, named Bella Sims. The child testified for the prosecution. On account of a cierical error in the framing of the indictment the latter count was quashed, and the jury convicted Betchell of a common assault. The Court fined the defendant fifty dollars and costs. James Lake was convicted of assaulting his brother-in-law, named John Owens. The sentences will be pronounced this morning by Judge Reed.
